Summary

Front end developer with more than 6 months of working experience and have more than 1 year of experience in working with react and next.js

EXPERIENCE

Food Dude Inc

Junior Software Developer

04/2024-11/2024

As a Front-End Developer, I have crafted responsive and dynamic user interfaces using React and Next.js. I enhanced web application performance, ensuring fast load times and smooth interactions.

My work involved collaborating with cross-functional teams to deliver high-quality, scalable solutions and I consistently implemented best practices in coding and UI/UX design.

Projects

1-The wild Paradise hotel booking website-[Welcome / The Wild Paradise](#)

It is a full stack application using next.js context api OAuth and supabase in which user can login using his google account and can reserve rooms
